“Early members recall their delight and anticipation each year when Miss Fejervary would entertain at her lovely home in what is now Fejervary park, the elaborate program and refreshments, the lovely flowers and the general atmosphere of old world elegance and charm which was peculiarly her own, with which the hostess had invested her Davenport home.

It was on one of these festive and annual early summer occasions that the pictures which accompany this short sketch of the club was taken, the special affair of that day being in honor of a cousin of Miss Fejervary who was visiting here from Hungary.”
