DAVENPORT
PUBLIC LIBRARY
STRATEGIC PLAN
FY2026-FY2028

WELCOME!

I'm excited to share the Davenport Public Library FY2026-2028 Strategic Plan with you — a roadmap for the future that reflects our commitment to serving you!

We had lots of meaningful conversations with our patrons, staff, partners, and community members. Thanks to your feedback, we created a plan that keeps our core services while also seeking opportunities to grow and make a bigger difference in our community over the next few years.

Our programs, collections, and expertise in information services are all about helping everyone in the community boost literacy, feel empowered, and find joy and enrichment through The Library. We're also dedicated to making our libraries accessible, fun, and safe places where everyone can feel a true sense of belonging. Finally, we're working on improving how we communicate so you're always in the know about all the great things happening at your library.

We're excited to work together with you to reach these goals and make a lasting impact on the lives of people in Davenport and the Quad Cities. Thanks for joining us as we create a community-wide culture of learning where everyone is empowered!

Sincerely,

JEFF COLLINS
Library Director

- Public education and literacy remain important concerns for the Davenport community.
- Many residents are unaware of the full range of services offered by The Library, and visiting The Library isn't always the first thing that comes to mind when they need a resource.
- Library partners value their relationships with The Library and there are opportunities to further strengthen and expand these partnerships.
- The presence of some unsheltered individuals at the Main Library impacts the perception of the downtown location.
